CHANGE FROM THE BOTTOM UP

# A LETTER FROM OUR CEO

Dear Friends and Supporters,

As we reflect on Fiscal Year 2025, I am filled with pride and gratitude for the remarkable progress we've achieved together at The Diaper Bank of Connecticut. This year marked a transformative period in our organization's evolution, bringing us closer to our vision of ensuring every child and family has access to basic necessities.

Our most significant milestone was successfully completing our first full year operating with our managed warehouse facility through New England Warehouse and delivery service via Pace Motor Lines in West Haven. This strategic partnership has revolutionized our operations, allowing our dedicated team to shift focus from logistics to what matters most—advancing our mission and serving more families throughout Connecticut.

In fall 2024, we expanded our Beam program by distributing period supplies to over 300 eligible elementary, middle and high schools across the state. Thanks to a partnership with the state Department of Public Health, we're now addressing another critical need, ensuring young students can attend school with dignity and confidence.

**While our advocacy efforts for HB 6937, concerning Medicaid coverage for medically necessary children's diapers, didn't reach final passage due to federal funding uncertainties, we celebrated widespread bipartisan support and secured an additional \$350,000 in our state line item - a testament to the importance of our work.**

Looking ahead, we remain committed to our advocacy mission. We will continue pursuing Medicaid coverage for diapers while developing a reimbursement model for incontinence products. These initiatives will help us reduce reliance on inconsistent funding streams and build a more sustainable future.

Thank you for your unwavering support. Together, we're not just providing essential supplies—we're building stronger, healthier communities where every family can thrive.

With deep appreciation,

A handwritten signature in blue ink that reads "Janet Stolfi Alfano". The signature is fluid and cursive.

Janet Stolfi Alfano, MSW, CFRE  
Chief Executive Officer  
The Diaper Bank of Connecticut

# OUR MISSION

To ensure that families have an adequate supply of diapers, period supplies, and incontinence products;

To raise community awareness that “basic human needs” include diapers, period supplies, and incontinence products and that these needs are not being met for individuals and families living in poverty;

To advocate for policy reform so that diapers, period supplies and incontinence products are included in the definition of and provision for the “basic human needs” of families.

# OUR PROGRAMS

The Diaper Bank of Connecticut operates comprehensive programs addressing essential health and hygiene needs across all life stages, ensuring dignity and wellness for Connecticut families.

## INFANT AND TODDLER DIAPER DISTRIBUTION

Our flagship program ensures low-income families have consistent access to adequate diaper supplies for babies and young children. ***Primarily funded through our state budget line item under the Department of Social Services, with additional support from grants and private donations***, this program forms the foundation of our mission. While currently operating at capacity, we maintain the infrastructure to scale distribution significantly with additional funding.

## BEAM PROGRAM (PERIOD SUPPLIES)

As Connecticut's official chapter of the Alliance for Period Supplies, our Beam program tackles period poverty through comprehensive advocacy, awareness, and distribution efforts. Our partner network facilitates widespread access to menstrual products while we champion legislative changes to improve accessibility statewide. ***Since October 2024, we've significantly expanded our reach through a partnership with the Department of Public Health***, enabling direct distribution to eligible elementary, middle and high schools throughout Connecticut — a transformative addition to our distribution on product donations alone.

Both our Shine program and Rise program currently operate through product donations and partnerships.

### **SHINE PROGRAM (YOUTH INCONTINENCE PRODUCTS)**

The Shine program addresses a critical gap by providing incontinence supplies to families with youth ages 4 to 20. Beyond direct distribution, we actively advocate for private insurance coverage and work to develop sustainable statewide supply chains. This specialized program ensures young people can participate fully in school and community activities with confidence and dignity.

### **RISE PROGRAM (ADULT INCONTINENCE SUPPLIES)**

Our Rise program extends our mission to serve low-income adults requiring incontinence products. Through strategic partnerships and innovative distribution methods, we work to eliminate barriers to these essential supplies. By building efficient delivery systems and fostering community connections, Rise addresses an often-overlooked need with compassion and practical solutions.

“

**My local diaper bank at the Community Health Center has decreased my stress of choosing between meeting the needs of my children and paying the bills. This seemingly simple resource has made an immense difference for my family and I am so grateful!**

**~Shanna, New Britain**

*We are proud to be the Connecticut chapter for*

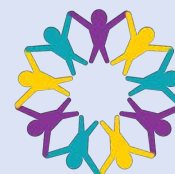

# ROCK YOUR BABY 20TH ANNIVERSARY CELEBRATION

In October 2024, we celebrated our milestone 20th anniversary with “Rock Your Baby,” a special event that honored two decades of serving families across Connecticut. The event highlighted our longstanding commitment to serving Connecticut families, with particular emphasis on our work providing essential diaper support to families in need throughout the state.

*We were honored to present **four special awards** recognizing outstanding contributions to our mission:*

## COMMUNITY CHAMPION AWARD

Connecticut Association For Community Action – Recognized for their exceptional partnership and ongoing support of our organization and our vital work providing diapers to families throughout Connecticut. Their collaborative approach has strengthened our ability to reach families in need across the state.

**CAFCA**

Connecticut Association  
for Community Action

## COMMUNITY TRAILBLAZER AWARD

Connecticut Hospital Association – Honored for their leadership in launching the Diaper Connections program, a groundbreaking statewide initiative that represents the first of its kind. This innovative program creates partnerships between hospitals and our state diaper bank to address basic material needs for families, setting a new standard for healthcare-community collaboration.

## COMMUNITY SERVICE AWARD

Junior League of Hartford – Celebrated for their sustained partnership and dedicated support of our organization and our mission to provide diapers to Connecticut families. Their ongoing commitment has been a cornerstone of our community outreach efforts.

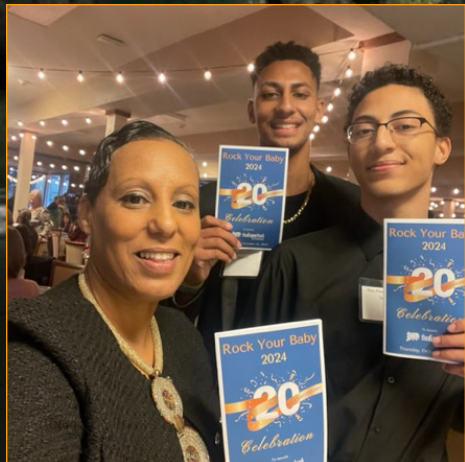

JUNIOR LEAGUE OF  
**HARTFORD**

## FOUNDERS AWARD

**Joanne and David Goldblum** – Presented with our highest honor in recognition of their extraordinary support, innovation, influence, expertise, passion, and unwavering commitment to improving the lives of children and families not only in Connecticut but beyond state borders. Their visionary leadership has helped shape our organization’s impact and reach.

## LOOKING FORWARD

As we celebrated this significant milestone, the **“Rock Your Baby”** event served as both a reflection on our achievements and a launching point for the next chapter of our work. The recognition of these outstanding partners and supporters underscores the collaborative spirit that has made our success possible and will continue to drive our mission forward in the years to come.

# ADVOCACY UPDATE

## LEGISLATIVE ADVOCACY: A SESSION OF PROGRESS AND PROMISE

This legislative session marked a pivotal moment for early childhood advocacy in Connecticut, delivering meaningful victories that will directly impact our state's youngest residents and their families.

### BUILDING MOMENTUM FOR MEDICAID COVERAGE

While HB 6937, An Act Concerning Medicaid Coverage for Medically Necessary Children's Diapers, did not advance to final passage due to federal funding uncertainties, the overwhelming bipartisan support it received signals a fundamental shift in how our state views diaper access as a public health priority. We extend our heartfelt gratitude to the legislators, organizations, advocates, and countless individuals who championed this critical issue, demonstrating unwavering commitment to supporting young children across Connecticut.

### SECURING CRITICAL STATE INVESTMENT

Our advocacy efforts yielded tangible results through an additional \$350,000 in state funding via our Department of Social Services line item—a testament to Connecticut's recognition of diaper need as an essential family support issue. This funding increase reflects our productive partnership with DSS and underscores our state's leadership in addressing fundamental barriers that impact child development and family stability.

We commend Connecticut for prioritizing evidence-based solutions that strengthen families and create healthier communities from the earliest stages of life.

## FUTURE ADVOCATES

We're especially grateful to our inspiring 'baby lobbyist' Emma Sok, pictured on the right, who brought her powerful voice to the State Capitol. Emma's advocacy reminds us that when we fight for children's needs, we're investing in Connecticut's future—and sometimes our most compelling advocates come in the smallest packages.

*Together, we're building a Connecticut where every family has the resources they need to thrive.*

“

***We support the Diaper Bank of Connecticut because we believe every family deserves the basic essentials. Providing diapers is a simple way to make a significant impact on the health and well-being of both children and parents in our community.***

**~Michael, Marlborough**

# VOLUNTEER SPOTLIGHT: MISS CT USA PAGEANT

For the past four years, the Miss CT USA organization has transformed their annual competition into a powerful force for community good through their partnership with the Diaper Bank of Connecticut. What started as a pageant has evolved into a meaningful volunteer initiative that directly impacts families across the state.

Each year during their annual pageant, Miss CT USA contestants rally together to collect diapers for families in need. This grassroots effort demonstrates that beauty pageants can be platforms for real social impact, bringing together young women who are passionate about making a difference in their communities.

The culmination of their efforts comes when the newly crowned Miss CT USA winner takes on the honor of delivering all collected diapers to the Diaper Bank of Connecticut. This symbolic gesture represents not just the transfer of essential supplies, but the beginning of a year-long commitment to community service.

Current titleholder Jenna Hoffman, Miss CT USA 2025, embodies the organization's mission of service. She explains the deeper impact of their work: "Supporting the Diaper Bank is crucial because it directly supports the health and well-being of families by providing a basic necessity that many struggle to afford. By donating, you're not just giving diapers; you're laying the foundation for healthier, happier lives and building a stronger, more compassionate community for everyone."

The Miss CT USA organization proves that volunteer work comes in many forms, and that even glamorous events can have meaningful community impact. Their four-year commitment to the Diaper Bank of Connecticut shows how sustained partnerships create lasting change, one diaper at a time.

# DISTRIBUTION STATISTICS

## DISTRIBUTION BY PROGRAM

	FY 2024	FY 2025
Infant & Toddler Products	6,441,699	4,698,947
Period Supplies*	529,032	3,618,942
Youth Incontinence	34,250	9,910

Here at Middlesex Health we are grateful that we have access to the Diaper Bank of CT. With the support from the Diaper Bank we are able to increase the mental health and well-being of our families and decrease infections and diaper rash for our children.

~Melissa, Middlesex Health

# JOIN DIAPER DUTY

Our Diaper Duty monthly donors provide the steady foundation that keeps our programs running year-round. These supporters understand that families need consistent access to diapers, and their regular contributions help us maintain reliable distribution to communities across Connecticut. Monthly giving allows us to plan our operations more effectively and respond quickly when urgent needs arise. We're grateful to our current Diaper Duty members for their ongoing commitment to supporting Connecticut families, and we welcome others who are interested in joining this important effort.

Become a Diaper Duty Member today and help make CT a place where everyone has access to basic needs through their lifespan. [thediaperbank.org/diaper-duty](http://thediaperbank.org/diaper-duty)

# 2ND ANNUAL MENSTRUAL EQUITY SUMMIT

On July 25, 2024, The Diaper Bank of Connecticut hosted its second annual Menstrual Equity Summit. Held virtually for statewide accessibility, the event was made more inclusive with provided Spanish translation services. The summit convened experts, advocates, and supporters to share progress and discuss ongoing efforts needed to achieve menstrual equity.

**REP. KATE FARRAR**

The day commenced with a keynote address from Rep. Kate Farrar and student advocate Asija Qyteza, followed by a Period Policy Panel. Panelists included Dante Costal (Connecticut Department of Public Health), Yury Maciel-Andrews (The Diaper Bank of Connecticut), Kirill Staklo (PeerPride & Trans Haven), Paula Feyerharm (Association of School Nurses of Connecticut), and Zoey Craft (National Diaper Bank Network & The Alliance for Period). The program concluded with an advocacy workshop titled “Implementing Menstrual Equity Policies in Schools: Promising Practices and Lessons Learned,” led by PERIOD.

**ASIJA QYTEZA**

The summit also highlighted the Diaper Bank of CT’s new Menstrual Equity Program, which launched on July 1, 2024. This program, funded by a \$1.95 million, two-year grant from the Connecticut Department of Public Health, supplies eligible public schools with free period products.

This initiative aids in implementing Connecticut’s Menstrual Equity Law, which mandates that schools serving grades 3–12 provide products in all women’s restrooms, all non-gender-specific restrooms, and at least one men’s restroom. Since its inception, the program has distributed over 3 million period supplies to nearly 400 schools and over 77,000 students across the state.

*As of the publication of this report, we’ve held our third Menstrual Equity summit. Stay tuned for details in next year’s report.*

# PROGRESS TOWARD OUR SUSTAINABLE FUTURE

A growing number of families in Connecticut need our help, but when our \$1.4 million in ARPA funds ran out in December 2023, over 4,000 children were cut from our diaper program. This is why we're working to build a more self-sustaining organization through becoming a licensed Durable Medical Equipment (DME) Supplier.

Thanks to the Viking Global Foundation's investment, we are working toward being able to receive Medicaid reimbursement for incontinence products, with revenue reinvested in our infant and toddler diaper program.

## MAJOR ACHIEVEMENTS

*State License Secured:* We obtained our Durable Medical Goods license from Connecticut's Department of Consumer Protection on November 5, 2024.

*Facilities Complete:* Physical space and data security upgrades are finished, including computer and camera equipment for inventory management.

*Legislative Victory:* Our marketing strategy successfully educated legislators through targeted social media, ads, and media coverage. Two press events and a 'baby lobbyist day' helped secure an additional \$350,000 in state funding.

## CURRENT CHALLENGES AND SOLUTIONS

With a brief pause in our Federal CMS licensing process to assess shifting federal priorities, we continue to engage with legal experts including board members with the expertise necessary to help navigate this complex process. Despite federal uncertainty, we continue working incrementally toward CMS licensure and finalizing reimbursement for incontinence products.

## MOVING FORWARD

With state licensure complete, additional funding secured, and unprecedented legislative recognition, we've reached an organizational high. While federal challenges remain, we continue toward building a more resilient organization that can serve Connecticut families through sustainable funding models, bringing us closer to ensuring no child goes without diapers due to funding shortfalls.

# OUR AMAZING VOLUNTEERS!

Volunteers are crucial to The Diaper Bank of Connecticut's mission, helping us distribute more diapers, incontinence supplies, and period products to those in need. We couldn't do it without you.

New Haven Bank

# THANK YOU!

TO EVERYONE WHO DONATED THIS PAST YEAR.  
WE NEEDED DIAPERS, AND YOU CHANGED THAT!

“

Receiving the diapers from the diaper bank is such a huge help. I can remember so many days of having fights with my children's father about who will buy Pampers this time. Calling him over and over to go to the store. Or just not knowing if I'd have enough to get through the day. So I'm thinking about it the night before and stressed through the day trying to make what I have stretch. Nobody's situation is perfect and we don't anticipate ever needing to ask for help so I'm very appreciative to have the support and getting the diapers from the diaper bank.

~Mom 33, boys 2 and 6 months

# HOW TO GET INVOLVED

**HERE ARE A FEW WAYS YOU CAN HELP AND SUPPORT OUR WORK.**

- Host an In-Person or Virtual Diaper Drive
- Sponsor an Event
- Help us Raise Funds
- Volunteer in our Warehouse
- Donate
- Advocate
- Become a Board Member
